GENERAL INDEX

ANGLO-AMERICAN relationships in veterinary medicine, retrospect, 161.
Anthelmintic dosing trials on Scottish Blackface hoggs wintered on in-bye fields, 9.
Amuletic and transfer charm cure of cattle and horses, the, 205.
Artificial insemination of pigs in Japan, 443.

BIRDS, tuberculosis in, 380.
Buffalo cows, effect of various sex hormones on infertile, 219.
Buffalo, necrosis in the tail of, 151.
Blood electrolyte concentrations in cattle during the development of hypomagnesaemia, 437.
Bovine endometritis: a review, 448.
tuberculosis, early control of, 354.
programme for the eradication of, 361.

CALCIUM gout (Kalkgicht) and calcinosis circumscripta in dogs, 3.
Cattle, amuletic and transfer charm cure of, 205.
creatinine excretion in urine of, 409.
early control of tuberculosis in, 354.
endometritis, a review, 448.
magnesium content of blood serum, influence of on electro-cardiogram in milk cows, 225.
major blood electrolyte concentrations in, during the development of hypomagnesaemia, 437.
Nigerian Zebu, seasonal variations of strongyle infestations in, 34.
normal and abnormal structure and function of omasum of, 467.
population trends and cattle ownership in selected areas of Nyasaland, analysis of, 322.
programme for the eradication of tuberculosis in, 361.
Cetacea, pathology of—a veterinary study on whales, Part I, 133.
a veterinary study on whales, Part II, 175.
Chick mortality and the contamination of yolks by members of the Enterobacteriaceae, 81.
Coagulation time of horses' blood in Egypt, 115.
Copper poisoning, chronic, in sheep following the use of copper sulphate as a molluscicide, 405.
Creatinine excretion in the urine of the dairy cow, constancy of, 409.
Cyclopropane anaesthesia using a miniature portable apparatus and a non-inflammable, non-explosive mixture, a method of, 99.

DEER, red (*Cervus elaphus*), as an alternative host of the louping-ill virus in Scotland, 284.
Dictyocaulus arnfieldi (Cobbold, 1884) Railliet and Henry, 1907, from a donkey in Egypt, morphological study on, 191.
Dogs, calcium gout (Kalkgicht) and calcinosis circumscripta in, 3.
occurrence of crosses with foxes, 419.
Dog, skin of the (Part II of Share Jones Memorial Lecture), 340.

EDITORIALS—
British Small Animal Conference, thoughts on the, 159.
Clinician, the true role of the, 1.
Disease, the changing face of, 89.
Education and school examinations, 51.
Professional status, 121.
Spells and charms, 203.
Tuberculosis, 353.
Elephant in ancient and modern writings, the, 255.
Enterobacteriaceae, chick mortality and the contamination of yolks by members of the, 81.
Exmoor and other mountain and moorland ponies living out of doors, importance of the coat in, 91.

FOX, wild red (*Vulpes vulpes*), reproduction in the; an account with special reference to the occurrence of fox-dog crosses, 419.

GASTRO-INTESTINAL tract of the living foal, 241.
Goats, nodular lesions in the omentum of, 196.
rickettsial infection (hartwater) in, in the Sudan, 105.

HAEMAGGLUTINATION technique for the detection of antibodies in gastro-intestinal nematode infections of sheep, 302.
Horses, amuletic and transfer charm cure of, 205.
coagulation time of blood in Egypt, 115.
—gastro-intestinal tract of the living foal, 241.
tranquillization of, with promazine hydrochloride, 31.

JOHNE's disease, vaccination against, 294.

LOUPING-ILL: the red deer (*Cervus elaphus*) as an alternative host of the virus in Scotland, 284.

MAGNESIUM content of the blood serum, influence of on the electro-cardiogram in milk cows, 225.

Malignant melanoma in a sheep, 67.
Muellerius capillaris, possible association of, with enterotoxaemia, 247.

Necrosis of the tail in the buffalo—a deficiency disease? 151.
Newcastle disease vaccine (Komarov strain) in Nigeria, production and properties of, 427.

Omasum of domestic cattle, normal and abnormal structure and function of, 467.
Omentum of goats, nodular lesions in the, 196.

Pigs, artificial insemination of, in Japan, 443.
vesical schistosomiasis in domestic, 145.
Ponies, importance of the coat in Exmoor and other mountain and moorland ponies living out of doors, 91.
Promazine hydrochloride, for tranquillizing horses, 31.
Prophylactic vaccination of wild animals, 252.

Rabies of farm livestock in Africa, 265.
Reproduction in the wild red fox (*Vulpes vulpes*): an account with special reference to the occurrence of fox-dog crosses, 419.

Reviews—
Achievement: some contributions of animal experiment to the conquest of disease, (Geoffrey Lapage), 350.
Aids to forensic pharmacy, 5th edn. (H. W. Fowler), 290.
Animal health year book, 1958 (H.M.S.O.), 48.
Annual report and year book, 1959–60 (Association of British Pharmaceutical Industry), 289.
Antibiotics in medicine, (ed. L. P. Garrod), 202.
Beef production, 200.
Brucella infection and undulant fever in man, (Sir Weldon Dalrymple-Champneys, Bt.), 199.
Calf, the: its management, feeding and health (1959), 2nd Edn. (J. H. B. Roy), 48.
Contamination of wholesale meat supplies with *Salmonellae* and heat-resistant *Clostridium welchii* (Betty C. Hobbs and J. Greenwood Wilson), 263.
Current virus research (1959), 47.
Der Huf, (H. Ruthe), 1st edn., 474.
Diana Seton—veterinary student (Joan Llewelyn Owens), 261.
Diseases of livestock, (T. G. Hungerford (1959)), 118.
Fourth International Congress of Biochemistry, Volume 5—Biochemistry of antibiotics, (K. H. Spitzy and Brunner), 1959, 49.
Handbook der Tursuchtung—Volume 2, (Professor Dr. I. Johansson), 47.
Handbook of Clinical Diagnosis of the Internal Diseases of Animals, (J. Mòcsy), 6th edn., 474.
Introduction to human blood groups, an (Fulton Roberts), 288.
Introduction to pharmacology, an, (J. J. Lewis), 262.
Introduction to veterinary pharmacology, an, (Frank Alexander), 156.
Maladies infectieuses des animaux domestiques, (Ch. van. Goidseuhoven and F. Schoenaers), 238.
Neurologic examination of the dog (John T. MacGrath), 264.
Pathologische histologie (Professor Dr. G. Pallaske), 199.
Pig breeding, recording and progeny testing in European countries, (F.A.O. Agricultural Studies No. 44), 263.
Report on the animal health services in Great Britain, 1958, (Ministry of Agriculture, Fisheries and Food, and the Department of Agriculture for Scotland), 403.
Report (1959), the Hannah Research Institute, 49.
Soil, grass and cancer, (André Voisin), 198.
Standard methods of examining milk, (W. Schönherr), 475.
Tierärztliche drogenkunde (Bentz), 118.
Tiergeburtshilfe (veterinary obstetrics), (Richter-Gotze, 2nd edn. by G. Rosenberger and H. Tillman), 261.
Veterinary annual, the, (ed. W. A. Pool), 198.
Veterinary applied pharmacology and therapeutics, (P. W. Daykin), 288.
Rickettsial infection (hartwater) in sheep and goats in the Sudan, 105.

Sex hormones, effect of various, on infertile buffalo-cows, 219.
Share Jones, John (Part I of Share Jones Memorial Lecture), 337.
Share Jones Memorial Lecture, 337.
Sheep—anthelmintic dosing trials on Scottish Blackface hoggs wintered on in-bye fields, 9.
chronic copper poisoning in, following the use of copper sulphate as a molluscicide, 405.
haemagglutination technique for the detection of antibodies in gastro-intestinal nematode infections of, 302.
malignant melanoma in a, 67.
rickettsial infection (hartwater) in, in the Sudan, 105.

Sheep serum proteins and lipoproteins, chemical and paper electrophoretic analysis of normal, 167.
skeleton, transient elements of, 276.
Skin of the dog (Part II of Share Jones Memorial Lecture), 340.
Spirocerca lupi infestation in Nyasaland, incidence, pathology and aetiology of, 272.
Strongyle infestations in Nigerian Zebu cattle, seasonal variations of, 34.
Strongyloides grassi, 1879, in Indian livestock, I: Observations on natural infections in the donkey (*Equus asinus*), 281.
Tuberculin test, the, 368
Tuberculosis, avian, 380.
incidence and mortality in Scotland, recent changes in, 394.
in domestic animals other than cattle, 373.
Vesical schistosomiasis in the domestic pig, 145.
Veterinary anatomical nomenclature, problems of, 53.
Veterinary education, 123.

INDEX TO AUTHORS
